Brennan, Jr. - Mr. Suldia HAS NO OBJECTION TO - Mr. Bradectassification AND/OR. - LiaisonRELEASE OF CIA INFORMATION SUBJECT: CENTRAL INTELLIGENCE AGENCY (CIA) - Mr. Parinothis DOCUMENT. Jm SOURCE n connection with developments in the case NK 2264-S,)(IS-R,) Bureau file 134-9824, the LSE captioned Director noted 'I note more and more we are telling CIA about our domestic operations and always to our detriment. I want this trend stopped. H." (A separate memorandum is being submitted concerning a new development in the aforementioned case). On 3/15/67, the Liaison Agent met with Richard Helms, Director, CIA, and took the opportunity to review the status of relations between FBI and CIA. It was felt that this was an opportune time to do so in view of the Director's concern as expressed above. Helms stated that he personally was pleased with relations between the two Agencies. He stated that sometimes he is irked or disturbed when people outside and inside of the Government ask the question "How are you getting along with the FBI?" He indicated that this question is frequently asked by members of Congress. Helms stated that he religiously has followed a practice of lucidly and firmly advising such people that relations are excellent. stated that he personally believed that this was true. The Liaison Agent commented that working relations are good, but there was an area which might not be getting proper attention. The Agent stated that there was reason. to be concerned regarding effective coordination on those cases which are of interest to both FBI and CIA because there appeared to be developing an atmosphere where people in both Agencies felt that there was now wide-open liberty to conduct operations and activities of a joint nature. The Agent stated that he wished to emphasize that such an atmosphere cannot exist and that Mr. Hoover would never condone any trend in this direction. The Agent commented that work in this area had to be very efficiently coordinated and that we in the Bureau were closely scrutinizing) each situation as it develops where both Agencies had and interest. suggested that Mr. Helms might desire to alert appropriate subordinates in the Agency on this point. 62-80700. 40 SJP: rab

Trotter Tele, Room W. O. Cregar Holmes Gandy SUBJECT: CENTRAL INTELLIGENCE AGENCY (CIA) ALIEN INTERVIEW REQUESTS Re memorandum Cotter to Sullivan dated 3/28/67 which instructed the Liaison Agent to advise appropriate La CIA representatives of the change in handling alien interview requests at the Bureau. On 3/31/67, the Liaison Agent advised Mr. Leo L at FBI Headquarters. Dunn was advised that the overall coordination for handling these requests would be handled by the Bureau's Name Check Section under the coordination of Special Agent J. W. Brown. Inasmuch as CIA occasionally makes a telephonic request when expedite matters are involved, the Liaison Agent obtained the names of Eugene Young and Becky Vaughn as the persons who would call Special Agent Brown in the event an expedite matter is involved. CIA is well aware that the use of this telephonic request should be held to a minimum and used only at times when time is of the essence and the matter is of sufficient importance to deviate from the normal request procedures. ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT ACTION: WHERE SHOWN OTHERWISE. The above is directed to the Name Check Section for their information and attention.
